Planning Commission Staff Memo

Date: July 8, 2026

Meeting: July 13, 2026

Staff Contact: Jill Kuzaro, Senior Planner

Agenda Item: Unfinished Business, Item #3

Subject: Title 18 Development Regulations Code Amendments Next Steps

Summary

The purpose of this agenda item is to provide the Planning Commission with an update on the proposed code amendments, which are intended to ensure the City's development regulations comply with recent changes to Washington State law and the requirements of the Growth Management Act (GMA). The amendments are currently in the required state and environmental review phases before they can be scheduled for a public hearing.

Current Status

Following the Commission's direction during the previous workshops, staff completed a draft of the proposed code amendment and submitted it to the Washington State Department of Commerce for the required review under state law.

The Department of Commerce's required 60-day review period began on June 16, 2026, and is scheduled to conclude August 17, 2026. During this review period, Commerce will have an opportunity to review the proposed amendments and provide comments before the City takes final action.

In addition, staff has completed the environmental review and will issue the State Environmental Policy Act (SEPA) Determination of Nonsignificance (DNS) on July 16, 2026. The DNS will be followed by a 14-day public comment period, which will conclude on July 30, 2026. Staff will review and respond to any comments received through the SEPA process and the Department of Commerce review before bringing the proposed amendment back to the Planning Commission.

Next Steps

Assuming the Department of Commerce review is completed as anticipated and no significant issues arise during the SEPA comment period, staff expects to schedule a Planning Commission public hearing in September 2026.

Following the public hearing, the Planning Commission will consider a recommendation to the City Council regarding adoption of the proposed Title 18 code amendment. Staff will continue to keep the Commission informed if the anticipated schedule changes.

Recommendation

This item is for information only. No action is requested at this time.
