6:00 P.M. – CALL TO ORDER, FLAG SALUTE, ROLL CALL

- 1) Discussion Regarding Steps for Potential Repeal of Cannabis Retail Prohibition

ADJOURNMENT

Steps to Allow Cannabis Retail Businesses to be Sited in Black Diamond

- I. Preparation and planning phase
- II. Implementation phase
- III. Other code updates

I. Preparation and Planning: Review zoning to determine appropriate locations for siting of cannabis retail

- Identify appropriate existing zones or potential new zoning districts
 - Residential zones are not appropriate because of need for law enforcement to access without warrants;
 - Develop new zoning districts and cannabis-specific land use regulations, if needed
 - SEPA review and analysis
 - Public hearings
 - Planning Commission recommendations
 - Adopt final new regulations
 - Comp Plan periodic update should include analysis of potential cannabis retail zoning and related land use regulations to ensure consistency in Land Use and Economic Development chapters
- Zoning identification should take into account state-mandated buffers: State law does not allow cannabis businesses to be sited within 1,000 feet of the following:
 - Elementary and secondary schools
 - Playgrounds
 - Recreation centers or facilities
 - Child care centers
 - Public parks
 - Public transit centers
 - Libraries
 - Any game arcade (where admission is not restricted to persons 21 and up)
- Buffer reductions? Cities can, by local ordinance, reduce the buffers to 100 feet for all of the above except schools and playgrounds
- Caps on number? Cities can adopt numerical limits on the number of cannabis businesses allowed within city limits

II. Implementation: Repeal BDMC Chapter 20.08 (“Prohibition on Recreational Marijuana”)

- Keep prohibition on growing and processing?
- Retain, amend, or repeal BDMC Chapter 20.04 governing “collective gardens” to reflect current state laws governing medical cooperatives?
- Repeal of cannabis retail prohibition concurrently with, or immediately after, new land use regulations and Comp Plan update
- Creates eligibility to receive state revenue sharing on per capita basis. If a cannabis retail business locates in the city, then the city will also receive a share based on local sales (see attachment). Distributions occur in quarterly installments in the year following sale.

III. Other Code Updates

- Update nuisance codes – smells, fumes, other concerns?
- Update sign codes to comply with WAC 314-55-155 advertising restrictions for cannabis (see attachment)
- Update local criminal code to allow misdemeanor prosecution in city court
- Sunset provisions (any of the above could have a trial period with an expiration date)
